Ruben Rivers, Medal of Honor winner, killed in action in November 1944 fighting his tank against insurmountable odds despite repeated wounds. It's the story of Capt. Jackie Robinson, court-martialed for his refusal to sit in the back of a U.S. Army bus. And it's the story of the author's grandfather, liberated from the Gurs concentration camp in May 1945 by Black soldiers of the 761st Tank Battalion. Scheduled to ship in November 2020.

BATTLECON SOLO FIGHTERS

Scheduled to ship in October 2020.

ANATH ADRUSTEIA

Anath utilizes four different stances, the aspects of Havoc, to unleash her wrath upon foes. Each stance provides incredible boons, but also large weaknesses. Choose wisely to press your advantages or force your opponent to change tactics. Select the right aspects to utterly overpower and destroy your foes!

L99 BCP04\$9.99

ANDRUS DOCHARTAIGH CAL

Andrus fights with two swords, each of which gains a special kind of charge that can boost his attacks. These recharge over time, so Andrus must choose when to exert each burst of power for maximum effect. Draw your blades and strike out to overwhelm your rivals defenses!

L99 BCP11\$9.99

CLAUS & WYNDHAL

Claus and Wyndhal fight as they move, slamming into opponents with the force of a storm and knocking them away. This disruption, combined with their high mobility, makes it difficult for foes to target you with their best attacks. Knock your enemies out of the park with strategic movements and attacks!

L99 BCP05\$9.99

DOLORES MALEPHAISE CAL

Dolores wide-reaching attacks combine with the rightful power of the Wings of Malephaise, which allow her to move quickly around the board. Though her ranges are limited, her superior mobility and disruptive potential allow her to create deadly situations for her opponents. Confound and corner your opponents to strike them down!

L99 BCP12\$9.99

ELIZA

Eliza's genres provide her with a wide variety of powerful, optional effects, which she can use to customize her attacks. By avoiding foes, she is able to recover these cards. Make use of your superior flexibility and choose your opportunities carefully to outfox your foes!

L99 BCP06\$9.99

EVIL HIKARU

Evil Hikaru's evil elements grant him powers which debilitate and disrupt his opponents. His attacks grow stronger as he sheds these elements, and he must use his styles carefully to avoid regaining them. Use your evil elements to disrupt and corrupt foes, then destroy them with your superior strength!

L99 BCP07\$9.99

LUCIUS

Lucius's shackles hide secret power, but he must strike foes to break them. With each successful attack, he comes closer to reaching his full potential. With all the shackles broken, he becomes a force to be reckoned with! Break your chains and unleash your full power to overcome any enemy!

L99 BCP08\$9.99

ORIAx

Oriax's deity cards grant small boons when first invoked, and then more powerful boons after they begin to run out. These devastating effects are limited, however, and Oriax must be careful not to invoke their power too freely or lightly. Call down dark miracles to gain godlike power and obliterate your enemies!

L99 BCP15\$9.99

TAKESHI

Takeshi wields a bizarre arsenal of weapons, and is always changing this abilities. Adapt your strategy to find the strength of each weapon, or just throw them at the opponent for critical damage. Be careful though, your supply of weapons is limited! Utilize changing weapons to discover the opponents weakness and break through their defenses!

L99 BCP09\$9.99

VICTOR

Victor's suggestions help him to control opponents, threatening dangerous disadvantages if they violate his commands. The opponent can only afford to break so many suggestions during a fight, so look for ways to force their hand or put them in an awkward position. Terrorize opponents with your suggestions, or punish those foolish enough to defy them!

DIVVY DICE

Divvy Dice is an engaging game of luck and strategy. Players purchase cards as they go, and use the dice to earn bonuses and points off those cards. Everyone plays at the same time, because when the active player rolls the dice again, everyone else gets to use a die so players must be careful how much they reroll.
